

CONVERSATIONS

NUMBER 112
NOVEMBER 2021

1. Pope Francis contributed Thought for the Day on the Radio 4 'Today' programme one morning last week. He is praying for (and wants us to do the same) world leaders to make more radical decisions than many of those rehearsed so far. Will you commit to praying for the same thing?
2. Can you share with someone else what you are doing to lessen your carbon footprint? You can pick up some suggestions from church, volunteer as many suggestions as you wish and we'll share them.
3. As prices rise, are you able to make savings on anything? This is an opportunity to cut our cloth and recognise what's essential and what we can manage without or can we seek a cheaper variety?
4. At the end of this month the Sunday Mass obligation re-commences. Can you give serious thought to re-establishing weekly attendance at one of our Masses? Can you also encourage others to do the same?
5. What does the Mass mean to you? Have you ever taken steps to be better informed about the Mass? If we put on some information sessions about the Mass would you be prepared to come along? How important is this to you personally?
6. As we near Advent and Christmas you may have made some financial decisions about gifts, cards, Christmas Dinner etc. What spiritual decisions or thinking have you given time to?
7. During November we pray for those who have died. Have you written a list of deceased family members and friends that we can place on the altar for inclusion in our November Masses? Is this important to you? Do you often think of those who have died, give thanks, send them your love, and pray for them?

Thank you
