NUMBER 119

JUNE 2022

1. The old saying that 'Schooldays are the happiest days of your life' seemed unreal when I was at school. How were your schooldays? Would you like to be in school today with today's subjects and today's teachers in this 21st century? Give reasons for your answers.
2. Do you make do with your present clothes or do you want to be buying new again? To contribute to a greener world can you be imaginative about what goes with what and buy less?
3. If you're a frequent mobile phone user, can you do without it for a day to help you see how you manage? Try it and see.
4. Do you feel that society is becoming more intolerant? Talk to someone about what you think you can do about it.
5. Many of the things done in successful parishes are not done by the priest. What can you do to help? Is the church just there to be the place you come to for Mass or do you have a sense of being part of a living community fed by the Mass to do God's work with whoever you meet?
6. Do you use social media very much? How much of it is useful/relevant/important?
7. The Lord's acid test of love is to pray for our enemies and to do good to those who hate us. Are you ok about this? Do you pray for Russia's leaders as well as for the Ukrainian people?

Thank you
